MOISTURE PENETRATION AND
CLUMPING IN THE FEEDER

CODE	PRODUCT	DESCRIPTION
BNMD001Z	POWER COW ALL PURPOSE 6 MINERAL	Our most economical mineral product. This product can be utilized as a base mix in rations where added nutrition may be needed or as an early-season mineral when grass is lush and green. Typical intake is 3– 4 oz per day. Designed to be the “price fighter” and compares similarly to farm store type of minerals that we often compete against.
BNMD010Z	POWER COW ALL SEASON 8 MINERAL	This product is fortified as a complete mineral to meet all nutritional needs of the animal and can be fed year around. Typical intake is 3–4 oz per day. Designed to be the “go-to” product when customers are looking for a quality mineral and don’t want to change for seasons.
BNMD020Z	POWER COW 8 LS MINERAL	This product is similar to our All-Season 8 Mineral but is lower in salt by 6%. This product can be utilized year-round as a lower-salt option or as a base mix for those wanting to mix salt with their mineral. Designed to be a weatherized 2-oz mineral.
BLMD030Z	POWER COW HI-MAG MINERAL	Designed for the early green grass or rye, grazing mineral when tetany is a concern or problem.
BLMD010Z	POWER COW 8 AVAILA MINERAL	Very similar to the Power Cow All-Season 8 Mineral but with the full 7 grams in 4 oz of mineral Zinpro Availa 4 trace minerals, and added vitamins. Great for those special need times, or a breeding/calving mineral.
